PREFACE.

It is scarcely necessary to remind the Members of the Harleian Society, or indeed any one familiar with this class of records, of the peculiar value and importance of the Pedigrees entered by the Heralds during their Visitation of London in 1634. Not only are they numerically greater than those of any county in the Kingdom, but they include many of families from almost every quarter of Great Britain, the younger sons of which were then engaged in various trades and professions in the metropolis. Besides these there are a considerable number relating to Continental families, members of which had become naturalized British subjects, whose descendants have in many instances figured prominently and worthily in British history. So far as the national genealogy is concerned, we could better have spared half a dozen of the other Heraldic Visitations than this particular one, which, to a certain extent, comprehends them all.

Such being the case, it was deemed proper to produce this Visitation in a more elaborate form than usual, and illustrate the pedigrees with the armorial bearings of the various families, instead of merely blazoning them. All the arms tricked in the original Visitation have been engraved, and these have been supplemented by others in the copy among the Harleian MSS., and others still from the volume of Camden's Grants, and from other trustworthy sources, which are carefully indicated. When no coat is given, it may be understood that no sufficiently authoritative one has been found. A very considerable portion of the large expense which these illustrations entailed has

163709

been met by voluntary contributions from various Members of the Society, and from a number of the City Companies, so that the demand upon the Society's treasury has been greatly reduced.

It was at first intended to annotate the Pedigrees extensively, from Wills, extracts from Parish Registers, Monumental Inscriptions, etc., in the private collections of the Editors, but it was found that the publication would then extend over a long series of years, as each volume could contain only a very limited number of Pedigrees. It was then resolved to produce the Visitation pure and simple, that the Members of the Society might have it sooner complete in their hands, and relegate the annotations to separate and distinct volumes, to be issued hereafter as occasion serves.

In now presenting the first volume, the Editors feel that some explanation of the long delay since the publication was originally announced is necessary. The fault has not been theirs, nor that of the Society's printers. The large number of the engravings naturally required a considerable time for their production, and it was deemed important, in order to uniformity, that they should, so far as possible, be executed by the same hand—that of the best arms' engraver in England, who, unfortunately, has been prevented, by frequent and protracted illness, from completing the work within the period contemplated. It is believed that the delicate beauty and distinctness of the engravings will, in a great measure, compensate for the delay which has been unavoidable.

The second volume is in progress, and the Members of the Society may confidently rely upon receiving it as the volume for the year 1882.

The Index accompanying the present volume may be regarded as for temporary convenience only, as the final volume will contain a complete one for the whole work.

In accordance with the notification in the last Report, the Council propose that for the future the Accounts shall be made up to the 31st December, and the next Annual Meeting will be held in January instead of June.

Report for the Seven Months ending 31st December, 1880.

The Council have pleasure in reporting the continued steady progress of the Society.

There are now exactly four hundred Members on the Roll, including two who have joined since the 1st of January, being the largest number recorded since the formation of the Society.

The First Volume of the "Visitation of London" is now being indexed, and will be issued very shortly.

Owing to the time required for the engraving of the Arms in the second volume, it is proposed to issue the "Visitation of Yorkshire" as the publication for 1881, and the second volume of "London" subsequently.

The "Registers of St. Mary Aldermary," under the editorship of Colonel Chester, are in the binder's hands.

They will be followed by the "Registers of St. Thomas Apostle" as the publication for 1881.

The Accounts for the last Seven months of 1880 are herewith submitted.

For the future, the Annual Meetings will be held in the month of January in each year, in accordance with the Rule made at the last General Meeting.
